Build a Boat

Chart your course to stronger teamwork by building a boat

The activity promotes inclusivity by providing roles for each team member to engage at the level that works best for them. Teams can earn points for various categories, such as innovative ideas, team involvement, designing a beautiful flag, collaborating with other teams, and creating the most beautiful boat.

How it Works:

During this exciting water-based activity, teams will design and construct a person-powered, corrugated cardboard boat capable of staying afloat in the water. Once constructed, teams will decorate and name their boats, introduce them to the other teams, and perform a team cheer. Each team will also select a skipper to lead their boat in the challenge.
