

Build a Bike

Give back to the community and pedal your way to a stronger team by building bikes together

Introducing Build-a-Bike, the charity team building activity that combines fun and philanthropy. This exciting and fast-paced program will see your team come together to build a brand-new bicycle that will be donated to a deserving child from a local charity or community organization.

How it Works:

The activity begins with teams participating in a range of challenges tailored to meet the specific requirements or objectives of your group. Unaware of the charitable element of the program, teams must obtain bike parts and tools before the assembly process can begin. It's a balancing act between speed and accuracy as teams race to be the first across the line.

As the program comes to a close, a very special group of guests are welcomed into the venue, and the reality of what is about to take place sinks in. Your team will present the brand new bikes to the children, and there won't be a dry eye in sight. This heart-warming activity not only fosters teamwork and collaboration but also gives back to the community and makes a positive impact on a child's life. Build-a-Bike is the perfect team building activity for any organization looking to make a difference while having fun.

Activity Details:

Duration	Group Size	Physicality	Venue
60 min	10 – 1000	Medium	Indoor & Outdoor
