

Escape the Cabinet

Test your skills and escape to victory!

A cabinet contains coded locks that can only be opened by using the given objects in unusual ways to generate the required codes. Every time a group opens a door, they find more items which are needed in solving the next puzzles.

How it Works:

Participants will use essential skills and work together in a fun and exciting, hands-on experience, deciphering clues to solve the puzzles. The activity provides unique challenges, so everyone must cooperate in order to succeed. The challenges allow everyone to contribute and let members with different skills shine. This activity will not only entertain the participants but will also develop their teamwork, communication skills, and problem-solving skills.

Participants will be divided into groups, each group will be assigned to their station and oriented towards the activity mechanism by facilitation staff, and working together to accomplish a collective goal, to solve all the mind-boggling puzzles and unlock all the mysteries.
