

Escape the Mob

Unravel the mystery, prove your innocence, and outsmart the mob.

Escape the Mob is an immersive and interactive treasure trail challenge that puts participants in a race against time to prove their innocence in a heist they had no involvement in. Teams must collaborate, gather clues, and establish their whereabouts at specific times to identify the true culprit who stole the diamonds. This thrilling experience fosters teamwork and cooperation as participants work together to solve the mystery and escape the clutches of the mob.

How it Works:

Participants begin by watching a mysterious video that places them in the wrong place at the wrong time, incriminating them in a perfect heist. Teams are given a limited amount of time to get their story straight and determine their exact whereabouts at each place on the night of the robbery.

Teams strategically gather information, piece together clues, and accumulate points by successfully solving the mystery within the given time limit. Effective communication, delegation of tasks, and leveraging individual strengths foster teamwork and cooperation. The interactive nature of the experience keeps participants engaged and motivated as they unravel the truth, prove their innocence, and outsmart the mob.
