

Escape the Virus

Unite as a team, and discover the vaccine to save humanity.

Escape the Virus is an exhilarating team building activity by Mazecs that puts problem-solving and teamwork skills to the test. In a world in chaos due to a synthetic virus that hinders communication and collaboration, a group of scientists infected with the virus have hidden their vaccine research. It's up to your team to save the world by deciphering puzzles, unlocking boxes, and discovering the vaccine before time runs out. With a live image of the virus under a microscope and a ticking clock, can your team rise to the challenge and save humanity?

How it Works:

Teams must work together to solve puzzles, unlock boxes, and discover the vaccine to save humanity. With a live image of the virus and a ticking clock, teams must think critically, communicate effectively, and decipher codes to progress. By leveraging each team member's strengths and working efficiently under pressure, teams aim to find the vaccine before time runs out.

Teams collaborate to overcome challenges, decrypt codes, and bring DNA samples to the analyzer. With the high-powered microscope displaying the live image of the virus, urgency builds as teams race against the clock. Escape the Virus provides a thrilling team building experience that enhances problem-solving and teamwork skills in a fun and engaging way.
