

## Mechanical Train

**Combine creativity and precision to craft a mesmerizing team creation.**

Welcome to the thrilling team-building activity of building your very own Mechanical Train! Get ready to feel the excitement as you work together with your team to create a masterpiece that embodies the spirit of the classic steam trains of yesteryear.

### How it Works:

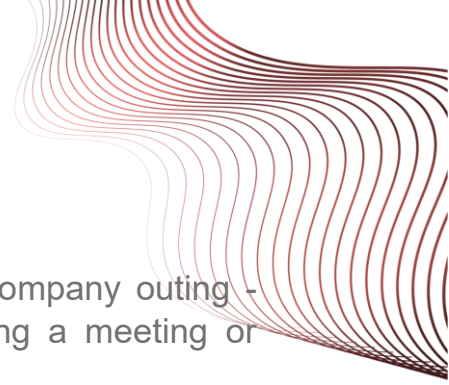

Each team will be provided with cut-out cardboard pieces to build their model train. From the boiler and the cab to the wheels and the chimney, every single part is important to create a complete and intricately designed train. You will have to work together to ensure that every part fits perfectly and that the locomotive runs smoothly once it's complete.

Assembling a model train requires focus, attention to detail, and collaboration. You'll need to communicate with your teammates effectively and make sure that everyone has a clear understanding of what they need to do. The sense of accomplishment that comes from seeing your completed model train running down its tracks is truly exhilarating.

### Activity Details:

Duration	Group Size	Physicality	Venue
60 min	10 – 1000	Low	Indoor

## **This Activity is Ideal for:**
