

Crime Scene Investigation

Team up, gather evidence, solve the mystery!

Crime Scene Investigation (CSI) is an immersive and interactive team activity where participants step into the shoes of detectives and collaborate to solve a crime. Teams explore a meticulously crafted crime scene, collect evidence, analyze clues, and piece together the information to unravel the mystery. Guided by an experienced game master, participants utilize critical thinking, problem-solving, and communication skills to make sense of the clues and determine the culprit behind the crime. This challenging and enjoyable activity promotes teamwork and develops important skills such as attention to detail, analytical thinking, and collaboration, making it perfect for corporate team building events, school groups, or a thrilling day in the office.

How it Works:

Participants are divided into teams and introduced to a detailed crime scene. The teams are provided with a set of tools and resources strategically placed around the scene to aid their investigation. These tools include evidence collection kits, magnifying glasses, fingerprint dusting kits, and more.

The CSI activity is designed to be both challenging and exciting, with teams racing against the clock to solve the complex mystery within a limited time frame. The engaging nature of the activity keeps participants fully immersed in the investigation.

Activity Details:

Duration	Group Size	Physicality	Venue
1.5 – 2 hours	10 – 1000	Low	Indoor

This Activity is Ideal for:
