## Triple Challenge

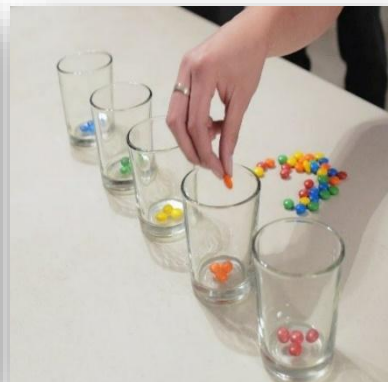

### Three thrilling activities, one epic team-building adventure!

Triple Challenge is an exciting team-building activity that combines three engaging challenges to test participants' communication, coordination, speed, and problem-solving skills. With each challenge presenting a unique task, teams will face blindfolded navigation, candy sorting, and cup stacking competitions, adding a competitive and thrilling element to the experience.

#### How it Works:

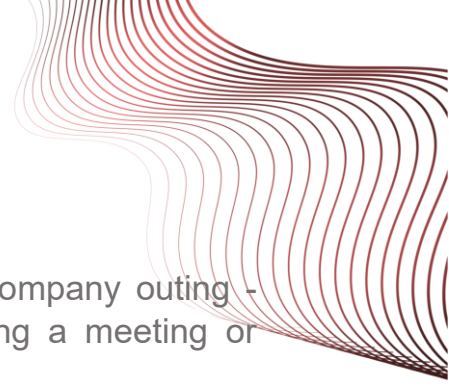

Teams are divided, and each group takes on three thrilling challenges. The first challenge, Blindfold Mine Field, requires players to safely navigate through a "minefield" while blindfolded, relying solely on verbal guidance from their teammates. In Separation Anxiety, participants compete to quickly sort a mixed assortment of candies into different categories based on color, flavor, or other predetermined criteria. Lastly, in Moving On Up, players race against the clock and each other to stack cups in a specific pattern, aiming to be the first to complete the task and advance to the next level.

Accuracy, speed, and the ability to quickly adapt to the task's requirements are key to successfully completing the cup stacking challenge and "moving on up" to the next level or round.
