

Targeting Marathon

Get ready to shoot for teamwork and hit the target of unity!

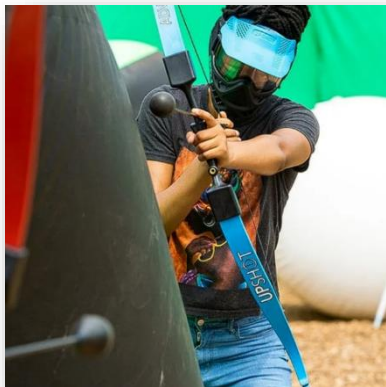

In the Targeting Marathon, teams will participate in an exciting and competitive series of targeting activities that combine skill, accuracy, and teamwork. The challenge includes a variety of games such as archery, basketball shooting, dart throwing, ring toss, and other target-based activities, creating a fun-filled experience that tests focus, coordination, and precision.

How it Works:

The Targeting Marathon comprises targeting challenges, each uniquely designed to test different targeting skills with its different rules and scoring system.

During each challenge in a zone, members from different teams will compete simultaneously against each other. To ensure that everyone experiences each unique task, all team members will rotate through the challenges.

The event consists of rounds, scores from all team members during each challenge contribute to the overall team score.
